

## Steel Bushings, Reducers, Shims and Spacers

Our strong steel bushings can be used in a variety of fabrications. They can be cut to length to make adapters and for bolt-through applications. Most telescope into the next largest size. Mix and match to get exactly the OD and ID you want. Great shock spacers, kart axle holders, and size reducing adapters.

Shims and spacers are great for rod end spacers and linkage shims. Also good as reinforcing washers. Not plated. Can be welded or bolted into place.

### STEEL BUSHINGS

Item	OD	ID	Wall	Length
B625375	5/8"	3/8"	0.120	3"
B750500	3/4"	1/2"	0.120	3"
B687438	1 1/16"	7/16"	0.120	3"
B875625	7/8"	5/8"	0.120	3"
B100750	1"	3/4"	0.120	3"
B125100	1 1/4"	1"	0.120	3"
B138112	1 3/8"	1 1/8"	0.120	3"
B150125	1 1/2"	1 1/4"	0.120	3"
B175150	1 3/4"	1 1/2"	0.120	3"
B200175	2"	1 3/4"	0.120	3"
B375250	3/8"	1/4"	0.060	3"
B500375	1/2"	3/8"	0.060	3"
B625500	5/8"	1/2"	0.060	3"
B750625	3/4"	5/8"	0.060	3"

### STEEL SHIMS & SPACERS

Item	OD	ID	Wall	Length
